Des Moines Airport Authority Adds Premium Long-Term Parking Option

Des Moines, Iowa (Nov. 9, 2017) – The Des Moines Airport Authority unveiled a new premium long-term parking option designed to make more efficient use of the airport’s garage parking stalls and offer travelers more flexibility and convenience. The airport opened premium long-term parking last month for a soft-launch and based on feedback from the public has just completed adjustments to the new section to maximize space and flow.

“We’re pleased to bring this new parking option to our travelers,” said Kevin Foley, executive director, Des Moines Airport Authority. “We are always looking for opportunities to make the travel experience more convenient and reconfiguring the parking garage allows more affordable access to covered parking spaces on the ground level and will eliminate some of the congestion in the long-term parking section.”

The reconfiguration converted approximately 100 stalls to premium long-term that were previously reserved for hourly parking. The new option offers covered parking and proximity to the airport at a lower rate than hourly parking. The hourly parking option will continue to be available and will make use of ground level stalls closest to airport entrances. In addition to hourly and premium long-term, the airport also offers long-term and economy parking options.

Premium long-term parking is one of several recent enhancements to the Des Moines International Airport in addition to the ongoing improvements to the airfield. The airport also recently expanded its amenities to include Arugula and Rye, an airside deli with fresh and local food options; Berk and Chester’s, a landside restaurant and bar; and a Hudson News gift shop.

About the Des Moines Airport Authority

The Des Moines Airport Authority is an independent entity that oversees the operations and maintenance of the Des Moines International Airport. The Airport Authority works to improve the quality of air service and make air travel to and from Des Moines more convenient and pleasurable.
