Southwest Airlines Adds New Nonstop Route

New nonstop daily service to Denver from Des Moines International Airport

Des Moines, Iowa (September 26, 2019): Southwest Airlines announced a new daily service between Denver and Des Moines, effective March 7, 2020. This nonstop service will depart the Des Moines International Airport at 3:20 p.m. with daily return flights scheduled to arrive at 10:50 a.m.

Southwest continues to grow their service from Denver adding additional flights on over 40 routes already served from the market. In March, the carrier will offer up to 235 departures a day to 65 cities nonstop, including Des Moines.

“We are pleased to have this new daily service on Southwest Airlines,” said Kayla Kovarna, Des Moines Airport Authority Air Service Development Manager. “We believe the addition of Southwest serving the Denver market will offer travelers more flexibility in westward travel.”

Southwest will be the third carrier, joining Frontier and United Airlines, with a nonstop into Denver. The Denver market is the third largest served market from the Des Moines International Airport with 185 passengers traveling daily each way. The Denver nonstop service will be Southwest Airlines fourth nonstop destination from Des Moines International Airport. They currently provide nonstop service to Las Vegas, Phoenix and St. Louis. Flights on Southwest Airlines departing from DSM are available for purchase now at Southwest.com.

About the Des Moines Airport Authority

The Des Moines Airport Authority is an independent entity that oversees the operations and maintenance of the Des Moines International Airport. The Airport Authority works to improve the quality of air service and make air travel to and from Des Moines more convenient and pleasurable.
